Date :

To,

Authority, /Corporation

Sir,

I have been appointed as Consulting Structural Engineer by M/s ----- for preparing Structural design and Drawings for the * New structure consisting of -----floors/ Construction of -----additional floors over the existing structure with -----floors, as described in my enclosed Design Basis report, based upon the Architectural drawings and other utilities and services, requirements given by the Owner/Developer of the development work of building at S. No. ----- Hissa No. ----- . Tahsil -----District-----.

The following listed firms /persons are associated with the work

ARCHITECT :- Mr.

OWNER/DEVELOPER :- M/s / Mr.

SUPERVISING ENGINEER :- MR.

CONTRACTOR : M/s

I hereby certify and confirm adequacy of the structural design for the intended use represented through my structural drawings issued from time to time.

I am enclosing herewith undertaking of the Licensed Supervising Engineer/Owner regarding compliance with the structural drawings and adherence to standard construction practices while executing the construction work. On the basis of this I certify that to the best of my knowledge and belief the said structure is structurally fit for the intended purpose.

I further confirm that the structural design is based upon relevant Indian Standard Codes and National Building code 2016.

As a Consulting Structural Engineer my responsibilities are limited to provide Structural Designs and Drawings in accordance with the provisions of the relevant prevailing Indian Standard Codes and visits to site at specified stages called for by the

Supervising Engineer for verification of reinforcement laid. All issues related to supervision, materials, workmanship and execution are the sole responsibility of the Supervising Engineer and visits made by the Structural Consultants are not for supervision since I am not responsible for supervision and quality of work.

This certificate is issued on the clear understanding that my overall design responsibility for the safety and proper performance of structural design ceases, the moment any addition and / or alteration or any damage to the structure frame is caused by accident or by tampering with the geometrical sections of structural members for any purpose whatsoever or due to overloading of the structure or lack of maintenance or by any act that is detrimental to the structure as a whole.

This certificate is issued in conjunction with the certificated of the Licensed Engineer/ Owner certifying the quality of work.
