
DRAFT : RECOMMENDED FEE FOR STRUCTURAL CONSULTANTS

- ISSE Committee

Indian Society of Structural Engineers (ISSE) has formulated a draft guideline for minimum fees to be charged by the structural engineers for various assignments. This is based on the feedback received from its members and based on the discussion during the committee meetings. ISSE members are requested to send their feedback and suggestions.

Scope of work for Structural Engineer

A) General scope of work

- 1) Preliminary Structural Layout Based Architect's requirement.
- 2) Finalize Structural lay out with Architect and Client.
- 3) Structural analysis, design, calculation, structural drawing (Excluding fabrication and bar banding schedule). Five sets of drawings will be provided by consultants.
- 4) Estimate of structural quantity for tender purpose.
- 5) Site visit during execution of work (two visits during foundation work and one visit per slab). Providing structural stability certificate.

B) Structural Audit and Inspection of Structure –

Study of existing drawings for the building, check for any additions and alteration based on data available, survey the building from inside and outside, mark the observations and distress on the available plans, take photographs during the survey for record, preparation and submission of audit report.

C) Project Management consultancy –

Coordinate with Client, Architect, Various consultants, Contractor. Conduct site meetings at suitable interval and make progress report for the work. Monitor the project by appointing site supervision staff on behalf of the client. Monitor project progress and update the barchart.

D) Peer review –

Overall assumptions, load data, framing plans prepared by main consultants will be reviewed briefly. Sample calculations will be checked along with sample member detailing will be reviewed. Based on the details provided a review report will be submitted indicating the observations and scope of improvement if any can be mentioned. Once the report is submitted ,the scope of peer review ends.

E) Proof checking –

All the design data, assumptions, analysis, design and drawings will be scrutinized in detail by the proof consultant. If required main consultant can be called for discussions and clarifications. Proof consultant may suggest some improvements in the design / drawings. Proof consultant will certify the design and drawing of the main consultant after the necessary revisions in design and drawings

Stages of payment after submitting following details	
1) Appointment	15%
2) Preliminary drawings and tender quantity	25%
3) Foundation	15%
4) Super structure	40%
5) Completion	5%

Note : Fees to be paid after completion of each stage of work or three months, which ever is earlier after submitting the bill, ir-respective of work progress at site.
