Mahapalika Marg,
MUMBAI.

Sub : Difficulties faced during Renewal of Structural License and updating backend records on MCGM portals.

Respected Sir,

On behalf of ISSE , we would like to bring to your kind attention various issues faced by structural engineers in renewal of structural licenses.

1. "Renewal of license is not reflected on AutoDCR portal" is the common complaint by many structural engineers. Therefore, even though the license is renewed , the proposal is not accepted by the building proposal department. It is the duty of MCGM staff to update the entries after renewal of licenses on respective MCGM portals so that this problem can be resolved.
2. It is our humble request that renewal and payment of fees for renewing the structural licenses should be made online to save time and energy.
3. Kindly do not insist on personal appearance of license holder during the renewal process at Wadala ward office. At present, structural engineers have to personally visit Wadala office for license renewal and they have to run to other ward office to make the payment and again come back to Wadala for stamping the license renewal. This is creating lot of hardship to professionals. Kindly take a note of this and make the process simple.

Thanks and regards
Yours faithfully

President
S.H. Jain M.E., F.I.E.
